Where do I apply?

Complete the form and mail it to Central Mississippi Down Syndrome Society, P.O. Box 935, Jackson, MS 39205. If possible, funds should be applied for at least 90 days prior to the date on which funds will be needed.

Is there a limit on the grant amount that can be requested?

In order to extend grants to as many teachers and programs as possible, the following limits apply to grant requests: **Up to a maximum of \$500 per teacher or program per year.** All applications are subject to the availability of funds. Award based on the number of applications received, funds may not be available to award all grants requested, or to award the full amount requested.

Consideration of grant requests will include the following criteria:

- Services or programs that are specifically targeted for students with Down syndrome.
- Services or programs that are demonstrated to provide enhanced educational opportunities for students with Down syndrome.

When do I get the grant money if it is awarded?

Funds are available only for actual expenses associated with a grant that has been awarded. This means that, as part of your grant application, you must provide CMDSS with documentation to establish the actual cost of the program or service for which you are applying. If you are awarded a grant, you will be notified, and CMDSS will then verify with you the actual costs prior to releasing your funds. Other details may be included in the award letter.
